Mr. S. R. Morss,
R. 3,
Bradford, Mass.

VERIFICATION OF RECEPTION

Thank you for your report of reception of the DX broadcast for the National Radio Club, between 3:30 and 4:30 a.m., EST, Saturday December 8th, 1956.

We have checked your report and are pleased to verify reception of this broadcast.

CHAB TRANSMITS directionally East & West on 800 KC with a power of 5000 Watts.

Our Transmitter is located in the heart of Southern Saskatchewan, eight miles west of Moose Jaw.

Yours sincerely,

M. Rickford

MP/db

Chief Engineer,
Radio Station CHAB Ltd.
